COMMUNITY EXTENSION SERVICE
PROGRAM PROPOSAL FOR SECOND SEMESTER

RATIONALE/ DESCRIPTION:

Community Extension Service is a program of the school that is capable to assist the less privileged community by helping them acquire greater control over their critical resources, easier access to basic services that the school could offer.

With the support of the clubs, club moderators and the administration, the different programs are organized to enhance the intellectual, spiritual, physical and socio-cultural needs of the beneficiaries for their own growth and development.

The school administrators, faculty, staff and students wishes to stretch their arms to neighboring community especially to the less fortunate people so that through these programs, they can feel the essence of their existence as children of God.

GENERAL OBJECTIVES

The Community Extension Service of SMCC aims to develop individuals into becoming responsible citizens for the transformation of society by pursuing constantly the programs and approaches to enhance growth, productivity and gainful socio-economic endeavor of every individual for the service of humanity.

SPECIFIC OBJECTIVES

1. Sustain harmonious relationship between the school and the community.
2. Improve one's relationship with God through songs and prayers.
3. Health and sanitation be mproved in the adopted community.
4. Project implementation carried out according to plans and needs.
5. Assist indigenous community to protect and manage resources available that can be transformed to livelihood projects for sustainable development.
